## Announcing the Opening of Arizona Vanilla Company

MESA, AZ, (NAMC) - We would like to announce the opening of the Arizona Vanilla Company, in Mesa, Arizona. The Arizona Vanilla Company offers bulk vanilla beans and vanilla products possible. The varieties that can be purchased from Arizona Vanilla Company are Madagascar, Mexican, Tahitian and Bourbon vanilla beans. The Arizona Vanilla Company works directly with the growers of the vanilla bean to ensure the freshness of their products.

The year 2005 had a TREMENDOUS vanilla bean harvest. After several years of hurricanes and other problems in 2000 and 2001 that almost wiped out the entire production as well as the plantations, 2005 has become the turn around year. Vanilla prices are at all times lows, and Arizona Vanilla Company is making sure to pass these prices onto their customers.

Arizona Vanilla Company also offers vanilla extracts, and ground vanilla. In addition to these fine products, Iranian Sargol Saffron and some uniquely Arizona products are offered by the company. In season Arizona Navel Oranges can be purchased as well as Orange Blossom Honey, year round.

Be sure to visit Arizona Vanilla Company at [www.arizonavanilla.com](http://www.arizonavanilla.com).
